

Minimum Requirements for Online Learning Using Moodle

Software

- Web browser such as:
 - [Mozilla Firefox](#) – current or recent version
 - [Google Chrome](#) – current or recent version
 - [Safari](#) 6 or later (Safari 5 and earlier is not fully supported)
 - [Internet Explorer](#) 9 or later (earlier versions are not supported; IE 10 is required for drag and drop of files from outside the browser into Moodle)
- An email account for sending and receiving electronic mail via the Internet, including attachments
- Microsoft Word, WordPerfect, [OpenOffice](#) or another word processing program capable of saving files in DOC or PDF format
- Microsoft PowerPoint, OpenOffice Presentation, Keynote or similar presentation software
- [Adobe Acrobat Reader](#) for downloading, viewing, saving and printing PDF files
- [Flash Player](#) for audio and video clips
- [Windows Media Player](#) or [QuickTime](#) for audio and video clips
- Antivirus software

Hardware

- Computer or tablet with a current Windows, Linux, or Apple operating system
- Sound card and speakers or earphone/headset
- Internet service; a high speed connection is strongly recommended
- Access to the online environment at least 10 hours per week
